Clarification and Amendment
May 19, 2017

In the RFP dated March 9, 2017, Sections 9.2 and 9.5 (Part 4) include contradictory instructions for how to submit the financial components of the RFP responses. For consistency, Section 9.5 is hereby amended as follows:

Section 9.5, page 26:

Submittals must include ~~seven copies of~~ the financial information described below in six of the eight physical proposals, a separate sealed envelope, clearly designated as "Financial Materials". Within the six proposals, the financial information may be placed within separate sealed envelopes. Each respondent must clearly mark any of the financial materials that it in good faith believes to be a trade secret or confidential proprietary information protected from disclosure under applicable law. To the extent permitted by law, the City will attempt to maintain the confidentiality of marked financial materials, but potential respondents are cautioned that, in accordance with the Sunshine Ordinance (Administrative Code Section 67.24(e)), responses and other communications from interested parties must be open to inspection by the public upon request immediately after a respondent is selected. Such proprietary financial information submitted by a respondent in response to this RFP will not be disclosed until and unless that respondent is selected
