Email: _____

This form must be completed and submitted along with the Candidate Contact Information Form, Parts I, II and III of the Request for Qualifications in addition to the company resume and resumes of any staff identified in this questionnaire if you wish to be considered a qualified candidate for:

Large Diameter Water Pipelines (48 inches or greater)

Experience:

1) **Do you – as a company or among your principal staff* – have a minimum of five years experience in installing large diameter (48 inch or greater) water pipelines within the last ten years in the states of Arizona, California, Nevada, Utah, Colorado, Oregon or Washington?**

   YES _____ NO _____

   On a separate sheet of paper, please describe qualifying project experience, including;

   a) Project name and location,
   b) Scope of work performed,
   c) Original contract start date and final completion date,
   d) If relying on principal staff experience, please list names and individual years of experience, position and affiliation at the time of project and status of current employment with your firm.

2) **Have you – as a company or among your principal staff* – successfully completed at least five (5) installations within the last 10 years of large diameter (48" or greater) pipelines with a minimum purchase of at least 10,000 feet per project from suppliers in the states of Arizona, California, Nevada, Utah, Colorado, Oregon or Washington?**

   YES _____ NO _____

On a separate sheet of paper, please describe qualifying project experience, including;

a) Project name and location,
b) Names of principal staff responsible for delivery of project,
c) Scope of work performed,
d) The owners name and contact information,
e) CM firm (if applicable) including name and contact information,
f) Original contract amount/final contract amount (if different please explain, include description of significant contract modifications),
g) Original contract duration/final duration (if different please explain, include description of significant events/strategies impacting schedule changes)
h) If managed any major subcontractors, please list their names, contacts, and scopes of work for each of each listed project.

3) Do you – as a company or among your principal staff* – have a minimum of five years construction experience, within the last ten years, in the following:

Deep excavation and shoring support (over 10 feet)?	YES _____ NO _____
Installation of large valves (48" or greater)?	YES _____ NO _____
Installation of large diameter (48" or greater) pipelines within 250 ft of wetlands or endangered species habitats?	YES _____ NO _____
Installation of large diameter (48" or greater) pipelines within 50 ft. proximity to residences or other structures?	YES _____ NO _____

On a separate sheet of paper, please describe qualifying project experience, including;

a) Project name and location,
b) Scope of work performed,
c) Original contract start date and final completion date,
d) If relying on principal staff experience, please list names and individual years of experience, position and affiliation at the time of project and status of current employment with your firm.

4) Does your company have field engineers and/or superintendents with a minimum of five years' experience and their large diameter water pipeline construction (48 inch or greater) within the last ten years?

YES _____ NO _____

On a separate sheet of paper, please list names of field engineers and/or superintendents, individual years of experience and their large diameter water pipeline (48 inch or greater) project experience. Please include project start and end dates, as well as each field engineer's or superintendent's position and affiliation during each project.

PLEASE PROVIDE COMPANY RESUME AND RESUMES OF PRINCIPAL STAFF IDENTIFIED ABOVE TO DEMONSTRATE REQUIRED EXPERIENCE.

*** Effective November 6, 2012,** The City may consider relevant experience of a Candidate's Principal Staff (owners, partners, principal officers, senior project managers) responsible for making significant administrative and business decisions on behalf of the Candidate's firm. The City will credit any relevant experience of such senior personnel toward the qualification requirement only if: (i) the bidder demonstrates, to the satisfaction of the City, that the individual's prior experience with another firm/entity is predictive of the bidder's performance under this Contract based on the individual's present management/supervisory role with the Candidate's firm and the individual's anticipated involvement in the management/supervision of the Work under this Contract; and (ii) the individual has been employed by or associated with (i.e., as an owner, partner or officer) the Candidate's firm for a period of at least 2 years prior to the date listed on the candidate firm's pre-qualification application.
