

CERTIFIED SOLAR INSTALLER LIST

MAY 11, 2020

The GoSolarSF program offers incentives to San Francisco residents, businesses, and non-profit organizations who install solar electric systems on their properties. In order to receive GoSolarSF incentives, the solar electric system must be installed by a contractor registered with the City's Office of Economic and Workforce Development (OEWD). This "Certified Solar Installer List" certifies the below installers are OEWD registered.

To become a GoSolarSF Certified Installer, Contractors are required to work in good faith with the City's Office of Economic and Workforce Development (OEWD) to employ San Francisco residents in 50% of all new hiring opportunities. Contractors must provide CityBuild with a list of Core Employees and must notify CityBuild of all new hiring opportunities.

Also, San Francisco residents who contract with an installer certified with a San Francisco address as its principal place of business may receive a City Installer residential supplemental incentive. See the handbook for further clarifying information. Certified "City Installers" are identified below.
