BASIC PRINCIPLES

The Association and/or the Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system and harmonious relations are necessary to improve the relationship between the Association and/or the Employer, the Union and the Public.

Progress in Industry demands a mutuality of confidence between the Association and/or the Employer and the Union. All will benefit by continuous peace and by adjusting any differences by rational, common sense methods. Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:
SCOPE OF AGREEMENT

Electrical work as covered by this Agreement shall include the handling, installing, or moving of all related materials and equipment from the first point of delivery at the jobsite through the final installation, and the dismantling and removing of electrical material from the jobsite, including all work historically performed by employees covered by this Agreement. This shall also include activation of cell systems including the core drilling, welding, burning, brazing, bending, drilling and shaping of all metal brackets, supports, fittings and other fabrication that are specific parts of the installation of the electrical work and equipment on the jobsite.

Also covered under the terms of this Agreement shall be the installation, maintenance, relocation and removal of all temporary wiring and equipment at a jobsite for signal, light, heat or power, and running tests or performance tests on any electrical installation or equipment that is part of any work or jobsite.

Article I
EFFECTIVE DATE — CHANGES
TERMS OF THE AGREEMENT
TERMINATION — DISPUTES

Section 1. This Agreement shall take effect June 1, 2018, and shall remain in effect through May 31, 2022, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from June 1, through May 31, of each year, unless changed or terminated in the way later provided herein.

(a) The Agreement shall be reopened, with the exception of the termination provision in Article I, which shall not be reopened, if it is determined that within sixty (60) days of any wage and/or price controls that the controls will deprive the Union members from receiving wages or fringe benefit provisions provided in this Agreement. In such re-openings the parties shall negotiate any matter not prohibited by law. Negotiations shall only be on non-cost provisions of this Agreement, and insofar as the same shall not be an effort to evade the law. Any change to the Agreement can only be implemented if it meets the requirements of the wage and/or price controls then enacted. Any disputes regarding this section or regarding the definition of non-cost items shall be referred to an arbitrator as defined in Article I.
Sec. 2. (a) Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter, desiring to change or terminate this Agreement must provide written notification at least one hundred twenty (120) days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

(b) Whenever notice is given for changes, the nature of the changes desired must be specified in the notice.

(c) The existing provisions of the Agreement shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

(d) In the event that either party has given a timely notice of proposed changes and an agreement has not been reached by the anniversary date to renew, modify or extend this Agreement or to submit the unresolved issues to arbitration, either party may serve the other a ten (10) day written notice terminating this Agreement. The terms and conditions of this Agreement shall remain in full force and effect until the expiration of the ten (10) day period.

(e) By mutual agreement only, the parties may jointly submit the unresolved issues to arbitration for adjudication. The arbitrator’s decision shall be final and binding on all parties hereto. The arbitrator shall be selected by lot from the list of arbitrators set forth in Section 8.

Sec. 3. This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of the IBEW for approval, and the same as this Agreement.

GRIEVANCE — DISPUTES

Sec. 4. During the term of this Agreement, there shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

However, no part of this Agreement is to be interpreted as requiring members of the Union to work behind a recognized picket line or where strike, lockout or other conditions detrimental to the interest of the Local Union prevail.

Sec. 5. There shall be a joint Labor-Management Committee (LMC) of four (4) who shall be chosen by the Union, and four (4) who shall be chosen by the Association. It shall meet regularly at such times as it may decide. It shall also meet within forty-eight (48) hours, (Saturdays, Sundays
and Holidays excluded) after notice is given by either party. It shall select its
own Chairman and Secretary.

Sec. 6. Problems or disputes between the Union and the Association
and/or the Employer shall be referred to the Union’s representative and the
contractor’s representative within eighteen (18) calendar days from the date
of occurrence. If they are unable to resolve the matter, it shall be referred to
the LMC.

Sec. 7. All matters coming before the LMC shall be decided by a
majority vote. Two (2) members from each of the parties hereto shall
constitute a quorum, but each party shall have the right to cast the full vote
of its membership, and it shall be counted as though all were present and
voting.

Sec. 8. Should this LMC fail to agree or to adjust any matter, such
shall then be referred to an arbitrator selected by lot from a list of seven (7)
names, obtained from the Federal Mediation and Conciliation Service.

If the selected arbitrator is unable or unwilling to serve, the parties
shall have the option of choosing another arbitrator from this list.

If the parties are unable to agree on selecting an arbitrator from this
list, the parties shall select from a second (2nd) list of seven (7) names
provided by the Federal Mediation and Conciliation Service.

His decision shall be final and binding. This arbitrator so selected
shall not have the authority to consider any matters other than those
specifically presented to him by the LMC.

(a) An arbitrator, when selected as provided in Section 8 shall
be required by the parties to agree to schedule the arbitration allowing the
parties sufficient time to prepare their cases, but not later than ninety (90)
days from the date he accepts the arbitration. The arbitrator as a condition of
acceptance of an arbitration case shall agree to render a decision in writing
within thirty (30) days following the last day of hearings or from the due
date of submittal of briefs.

(b) The fee for the Arbitrator as well as other expenses
connected with the formal hearing shall be borne equally by both parties.

(c) The time limits set forth above may be extended by mutual
consent by both parties.

Sec. 9. When any matter in dispute has been referred to conciliation or
arbitration for adjustment, the provisions and conditions prevailing prior to
the time such matter arose shall not be changed or abrogated until agreement
has been reached or a ruling has been made.

Sec. 10. If any section of this Agreement is determined to be unlawful
and such section requires payment of money by the Employer, any monies
that would have been paid had the section been determined to be lawful shall
continue to be paid in escrow and the parties shall meet, establish a joint escrow agreement, and endeavor to provide a lawful substitute utilizing such monies. Alternatively they shall negotiate a lawful provision that shall require approximately the same payment by the Employer. This payment may be allocated to any lawful wage or fringe benefit provision mutually agreeable. If the parties are unable to agree, the matter may be submitted to arbitration as provided in this Agreement.

Article II
ASSOCIATION/EMPLOYER’S RIGHTS
UNION RIGHTS

Section 1. The Employer agrees not to work on new construction, alteration work, and/or any jobs where building trades mechanics are employed on any work covered by this Agreement or amendments thereto, and that all electrical work installed by the Employer shall be confined to minor repairs and trouble shooting that does not exceed two (2) hours to complete, except as provided in Section (a). Working in excess of this time shall be a violation of this Agreement.

(a) The Employer may work with the tools on one (1) and two (2) family wood frame residential construction only, providing:

2. He employs at least one (1) Journeyman in addition to himself.
3. He works with a Journeyman, when he works with the tools.
4. He lives up to the terms and conditions of this Agreement.

There is a prescribed penalty for violations of this section which shall not be less than an amount equal to the wages and fringes equivalent to the time he worked with the tools under other conditions and such shall be payable to the Northern California Electrical Workers Pension Trust Fund.

Sec. 2. Certain qualifications, knowledge, experience, and financial responsibility are required of everyone desiring to be an Employer in the Electrical Industry. Therefore, an Employer who contracts for electrical work is a person, firm, or corporation having these qualifications and maintaining a permanent place of business and a suitable financial status to meet payroll requirements. Such Employer must be in possession of a valid state license as an Electrical Contractor; be registered with the Electrical Inspection Division of the Department of Building Inspection; do work in accordance with applicable codes; and employ at least one (1) Journeyman regularly.
(a) Each Employer shall maintain on deposit with the custodian of the various fringe benefit programs (E.I.S.B., Inc.) a performance bond in an amount listed below as surety of the prompt and full payment of fringe benefit contributions. Individual Employers who fail to remit as provided herein, shall upon seventy-two (72) hours notice (except Sundays and Holidays) by certified mail given by the Union, be subject to having their Employees removed until such time as compliance is effected. Bond forms shall be in language agreed to by the parties to this Agreement. An equivalent cash deposit may be made in lieu of the performance bond.

Bonding Schedule

(b) When the Employers’ fringe benefit bond is renewed it shall be renewed at the manpower level at that time.

Sec. 3. No Employer shall, directly or indirectly or by any subterfuge, sublet or contract with workmen or any person, firm, or corporation not under this Agreement, or enter into agreement with any other union for all or part of the labor services to be performed which fall within the International Brotherhood of Electrical Workers (Inside Wiremen) trade jurisdiction.

Sec. 4. The Employer agrees that he shall not dismiss or otherwise discriminate against any Employee for making a complaint or giving evidence to the representative of the Union with respect to an alleged violation of any provisions of this Agreement.

Sec. 5. The Employer shall not interchange or cause to be loaned any workman under the terms of this Agreement to another Employer. Any Employer signatory to this Agreement who enters into a joint venture, or sub contract for the purpose of this Section, shall be considered as a separate Employer.

Sec. 6. For all Employees covered by this Agreement, the Employer shall carry Workmen’s Compensation Insurance through a reputable Company or State Fund; comply with the Federal Social Security Act, California Unemployment Insurance Act, and be a licensed electrical contractor in the State of California and be registered with the Electrical Inspection Division of the Department of Building Inspection in the City and County of San Francisco.
Sec. 7. Upon written request of the Business Manager of the Union or
the Secretary of the Labor-Management Committee, each individual
Employer shall furnish, within three (3) business days after written request,
the number, the complete payroll and/or Employee job records on a job, or a
shop basis, for all Employees employed under this Agreement.

Sec. 8. The Business Manager or his representative of the Union shall
be allowed access to any shop or job where workmen are employed under
this Agreement. Where necessary the Employer shall attempt to make
arrangements for access.

Sec. 9. The Employer agrees to identify all vehicles used primarily to
transport material, tools, workmen, or equipment for work, covered by this
Agreement. The firm name and location must be affixed on both sides of
each vehicle in a permanent manner, with two inch (2”) legible letters
accepted as minimum. Removable signs will not comply with this Section.
Workmen shall not drive unidentified Employer vehicles.

Sec. 10. The Local Union is a part of the International Brotherhood of
Electrical Workers, and any violation or annulment by an individual
Employer of the approved agreement of this or any other Local Union of the
IBEW, other than violations of Paragraph 2 of this Section, will be sufficient
cause for the cancellation of his Agreement by the Local Union after a
finding has been made by the International President of the Union that such
a violation or annulment has occurred.

The subletting, assigning, or transfer by an individual Employer of
any work in connection with electrical work to any person, firm or
corporation not recognizing the IBEW or one of its Local Unions as the
collective bargaining representative of his Employees on any electrical work
in the jurisdiction of this or any other Local Union to be performed at the
site of the construction, alteration, painting, or repair of a building, structure
or other work, will be deemed a material breach of this Agreement.

All charges of violations of Paragraph 2 of this Section shall be
considered as a dispute and shall be processed in accordance with the
provision of this Agreement covering the procedure for the handling of
grievances and the final and binding resolution of disputes.

Sec. 11. The policy of the Union and the workmen it represents is to
promote the use of materials and equipment manufactured, processed, or
repaired under economically sound wages, hourly and working conditions
by their fellow members of the International Brotherhood of Electrical
Workers.
No workman shall be discriminated against for his individual decision not to work on any materials or equipment which he believes are not so manufactured or processed, or to work on any job he believes is not in the best interests of himself or the International Brotherhood of Electrical Workers or the Electrical Construction Industry.

Sec. 12. No Employer shall assign workmen under this Agreement to any electrical work or project taken over from a previous Employer who is in default as to wages or fringe benefit payments on such work or project until such default has been corrected or guaranteed by cash deposit or special bond with the E.I.S.B., Inc.

Sec. 13. The Association and/or the Employer agrees that it shall not constitute a violation of this Agreement for the Union to remove the workmen employed by an Employer who is delinquent in any wage or fringe payment due under the terms of this Agreement.

Sec. 14. “Dual Capacity”: All manual electrical work shall be performed by workmen employed under the terms of the Agreement and the applicable supplements thereto, (except as provided in Article II, Section 1). No workman shall himself become a contractor for the performance of any electrical work while he is subject to employment or remains subject to employment under the terms of this Agreement and/or supplements thereto.

Employees or applicants for employment holding a license as an electrical contractor in the State of California shall inactivate their license in accordance with Division III, Chap. 9, Section 7076.5 of the Business and Professions Code before being accorded the use of referral facilities available under this Agreement.

(a) It shall be a violation of this Agreement for any workman to contract for any electrical work, unless the workman becomes signatory to a Letter of Assent and is bound by all terms and conditions contained in this Agreement.

Sec. 15. The Union agrees that if, during the life of this Agreement, it grants to any other Employer in the Electrical Contracting Industry on work covered by this Agreement, any better terms or conditions than those set forth in this Agreement, such better terms or conditions shall be made available to the Employer under this Agreement and the Union shall immediately notify the Employer of any such concession.

Sec. 16. In order to be competitive in the market and to meet the special needs of Employers on particular jobs, the Union may provide special consideration to Employers who request such treatment and who demonstrate, to the Union’s satisfaction, a specific marketing need with regard to a particular job. Any special terms, conditions, modifications or
amendments so provided by the Union, shall be implemented with regard to
the particular job for which they were requested. To the extent feasible
within time constraints, such special terms, conditions, modifications or
amendments shall be made available to all signatory Employers with regard
to the particular job in question, but shall not constitute an action subject to
the favored nations clause in this Agreement.

Sec. 17. The Employer shall not enter into an agreement, with any
other union, covering any work, which is covered by this Agreement.
This section is not intended to settle jurisdictional disputes.

Sec. 18. The Union understands the Employer is responsible to
perform the work required by the owner. The Employer shall, therefore,
have no restrictions except those specifically provided for in the collective
bargaining agreement, in planning, directing and controlling the operation of
all his work, in deciding the number and kind of Employees to properly
perform the work, in hiring and laying off Employees, in transferring
Employees from job to job within the Local Union’s geographical
jurisdiction, in determining the need and number as well as the person who
will act as a Foreman, in requiring Employees to observe the Employer’s
and/or owner’s rules and regulations not inconsistent with this Agreement, in
requiring all Employees to observe all safety regulations, and in discharging
Employees for proper cause.

Sec. 19. In order to protect and preserve, for the Employees covered
by this Agreement, all work heretofore performed by them, and in order to
prevent any device or subterfuge to avoid the protection and preservation of
such work, it is hereby agreed as follows: If and when the Employer shall
perform any work of the type covered by this Agreement, under its own
name or under the name of another, as a corporation, company, partnership,
or any other business entity, including a joint venture, wherein the
Employer, through its officers, directors, partners or stockholders, exercises
either directly or indirectly, management control or majority ownership, the
terms and conditions of this Agreement shall be applicable to all such work.

Sec. 20. Any Employer, applicant, or workman attempting to
circumvent or bypass the provisions of this referral procedure either in the
solicitation of work or offering of employment to workmen shall be in
violation of this Agreement.

Sec. 21. The Employer agrees that, if it has not previously done so, it
will recognize the Union as the exclusive collective bargaining agent for all
Employees performing electrical work within the jurisdiction of the Union,
on all present and future job sites; if and when a majority of the Employer’s
Employees authorized the Union to represent them in collective bargaining.
Sec. 22. The Employer may recall a former Employee, who has worked at least one (1) year with the Employer, and who is continuously since layoff, on the Group I out-of-work list, not exceeding six (6) months; providing the Employee has accepted no other work in the jurisdiction of the Local Union 6. An Employee must have worked one (1) year with the Employer following his recall prior to being eligible for a second recall by the same Employer. This provision does not apply to Apprentices.

Sec. 23. An Employer may call an Employee to work as a Foreman by name provided:

(a) The Employee has not quit his most recent previous employer.
(b) The Employer shall notify the Business Manager in writing of the name of the individual who is to be requested for employment as a Foreman. Upon such request, the Business Manager shall refer said Foreman provided the name appears on GROUP I.
(c) The person hired must be employed for a minimum of one thousand (1,000) hours as a working foreman or receive a lay off.

1. After one thousand (1,000) hours have been worked the Employer may change the individual’s foreman status to either General Foreman or Journeyman depending on job requirements.

Sec. 24. The dangers and costs that alcohol and other chemical abuses can create in the electrical contracting industry in terms of safety and productivity are significant. The parties to this agreement resolve to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance abuse and impairment should contain a strong rehabilitation component. The local parties recognize that the implementation of a drug and alcohol policy and program must be subject to all applicable federal, state and local laws and regulations. Such policies and programs must also be administered in accordance with accepted scientific principles, and must incorporate procedural safeguards to ensure fairness in application and protection of legitimate interests of privacy and confidentiality. To provide a drug-free workforce for the Electrical Construction Industry, each IBEW local union and NECA chapter shall implement an area-wide Substance Abuse Testing Policy. The policy shall include minimum standards as required by the IBEW and NECA. Should any of the required minimum standards fail to comply with federal, state, and/or local laws and regulations, they shall be modified by the local union and chapter to meet the requirements of those laws and regulations.

(a) The parties agree to meet to negotiate terms and conditions prior to implementation of the IBEW/NECA Category 1 Substance Abuse Policy.
Article III
REFERRAL PROCEDURE — UNION SECURITY

Section 1. (a) In the interest of maintaining an efficient system of production in the industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interest of the Employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.

(b) The Union shall be the sole and exclusive source of referral of applicants for employment.

(c) The Employer shall have the right to reject any applicant for employment.

(d) The Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, by-laws, constitutional provisions or any other aspect or obligation of Union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.

(e) The Union shall maintain a register of applicants for employment established on the basis of the Groups listed below. Each applicant for employment shall be registered in the highest priority Group for which he qualifies.

GROUP I. All applicants for employment who have four (4) or more years’ experience in the trade, are residents of the geographical area constituting the normal construction labor market, have passed a Journeyman Wireman’s examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee, and, who have been employed in the trade for a period of at least one (1) year in the last four (4) years in the geographical area covered by the collective bargaining agreement.

GROUP II. All applicants for employment who have four (4) or more years’ experience in the trade and who have passed a Journeyman Wireman’s examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee.
GROUP III. All applicants for employment who have two (2) or more years’ experience in the trade, are residents of the geographical area constituting the normal construction labor market and who have been employed for at least six (6) months in the last three (3) years in the geographical area covered by the collective bargaining agreement.

GROUP IV. All applicants for employment who have worked at the trade for more than one (1) year.

(f) If the registration list is exhausted and the Union is unable to refer applicants for employment to the Employer within forty-eight (48) hours from the time of receiving the Employer’s request, (Saturdays, Sundays and Holidays excepted) the Employer shall be free to secure applicants without using the Referral Procedure, but such applicants, if hired, shall have the status of “Temporary Employees.”

(g) The Employer shall notify the Business Manager promptly of the names and Social Security numbers of such “Temporary Employees” and shall replace such “Temporary Employees” as soon as registered applicants for employment are available under the Referral Procedure.

(h) “Normal construction labor market” is defined to mean the following geographical area plus the commuting distance adjacent thereto which includes the area from which the normal labor supply is secured:

CITY AND COUNTY OF SAN FRANCISCO, CALIFORNIA. The above geographical area is agreed upon by the parties to include the areas defined by the Secretary of Labor to be the appropriate prevailing wage area under the Davis-Bacon Act to which this Agreement applies.

(i) “Resident” means a person who has maintained his permanent home in the above defined geographical area for a period of not less than one (1) year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as his permanent home.

(j) An “examination” shall include experience rating tests if such examination shall have been given prior to the date of this procedure, but from and after the date of this procedure shall include only written and/or practical examinations given by a duly constituted Construction Local Union of the I.B.E.W. Reasonable intervals of time for examinations are specified as ninety (90) days. An applicant shall be eligible for examination if he has four years’ experience in the trade.

(k) The Union shall maintain an “Out-of-Work-List” which shall list the applicants within each group in chronological order of the dates they register their availability for employment.
(l) An applicant who is hired and who receives, through no fault of his own, work of thirty-five (35) hours or less shall, upon re-registration, be restored to his appropriate place within the Group. This may be extended to ten (10) consecutive calendar days at the discretion of the Business Manager.

(m) Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in GROUP I in the order of their places on the Out-of-Work-List and then referring applicants in the same manner successively from the Out-of-Work-List in GROUP II, then GROUP III and then GROUP IV. Any applicant who is rejected by the Employer shall be returned to his appropriate place within his GROUP and shall be referred to other employment in accordance with the position of his GROUP and his place within the GROUP.

(n) The only exceptions which shall be allowed in this order of referral are as follows:

1. When the Employer states bona fide requirements for special skills and abilities in his request for applicants, the Business Manager shall refer the first applicant on the register possessing the skills and abilities.

2. The age ratio clause in the Agreement calls for the employment of an additional Employee or Employees on the basis of age. Therefore, the Business Manager shall refer the first applicant on the register satisfying the applicable age requirements provided, however, that all names in higher priority Groups, if any, shall first be exhausted before such overage reference can be made.

(o) An applicant who is discharged for cause two times within a twelve (12) month period shall be referred to the neutral member of the Appeals Committee for a determination as to the applicant’s continued eligibility for referral. The neutral member of the Appeals Committee shall, within three business days, review the qualifications of the applicant and the reasons for the discharges. The neutral member of the Appeals Committee may, in his or her sole discretion: (1) require the applicant to obtain further training from the JATC before again being eligible for referral; (2) disqualify the applicant for referral for a period of four (4) weeks or longer depending on the seriousness of the conduct and/or repetitive nature of the conduct; (3) refer the applicant to an Employee assistance program, if available, for evaluation and recommended action; or (4) restore the applicant to his/her appropriate place on the referral list.

(p) An Appeals Committee is hereby established composed of one member appointed by the Union, one member appointed by the Employer or
the Association, as the case may be, and a Public Member appointed by both
of these members.

(q) It shall be the function of the Appeals Committee to consider any
complaint of any Employee or applicant for employment arising out of the
administration by the Local Union of Section 1 (d) through Section 1 (o) of
the Agreement. The Appeals Committee shall have the power to make a
final and binding decision on any such complaint which shall be complied
with by the Local Union. The Appeals Committee is authorized to issue
procedural rules for the conduct of its business, but it is not authorized to
add to, subtract from, or modify any of the provisions of this Agreement,
and its decision shall be in accord with this Agreement.

(r) A representative of the Employer or of the Association, as the case
may be, designated to the Union in writing, shall be permitted to inspect the
Referral Procedure records at any time during normal business hours.

(s) A copy of the referral procedure set forth in this Agreement shall
be posted on the Bulletin Board in the offices of the Local Union and in the
offices of the Employers who are parties to this Agreement.

(t) Apprentices shall be hired and transferred in accordance with the
apprenticeship provisions of the Agreement between parties.

Sec. 2. Any individual Employee claiming a grievance by any act or
conduct in effecting referrals and who contends the referral procedure is not
operating in accordance with the terms of this Agreement shall have the
right to file a specific written complaint with the Appeals Committee within
forty-eight (48) hours (Saturdays, Sundays and Holidays excluded) after the
occurrence of the event constituting the purported grievance. Failure to file a
grievance in writing within the time limit above specified shall constitute a
waiver and abandonment of such grievance.

Sec. 3. All Employees covered by the terms of this Agreement shall
be required to become and remain members of the Union as a condition of
employment from and after the eighth day following the date of their
employment or the effective date of this Agreement, whichever is later.

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.).

Each member shall be appointed for a three (3) year term unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Sec. 3. Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Sec. 4. There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Sec. 5. The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director’s Job Description provided by the NJATC. All Employees of the JATC shall serve at the pleasure and discretion of the JATC.

Sec. 6. To help ensure diversity of training, provide reasonable continuous employment opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Sec. 7. All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of
apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Sec. 8. The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 12.

Sec. 9. Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Sec. 10. To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer—agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

Sec. 11. The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.
Sec. 12. Each job site shall be allowed a ratio of two (2) apprentices for every three (3) Journeyman Wiremen or fraction thereof as illustrated below.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where Employees report for their work assignments. The employer’s shop (service center) is considered to be a separate, single job site. All other physical locations where workers report for work are each considered to be a single, separate job site.

Sec. 13. An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in-sight-of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer’s designated supervisor or journeyman based on their evaluation of the apprentice’s skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of six thousand five hundred (6,500) hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Sec. 14. Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this agreement.

Sec. 15. The parties to this Agreement shall be bound by the Local Joint Apprenticeship and Training Trust Fund Agreement which shall
conform to Section 302 of the Labor-Management Relations Act of 1947 as
amended, ERISA and other applicable regulations.

The Trustees authorized under this Trust Agreement are hereby
empowered to determine the reasonable value of any facilities, materials or
services furnished by either party. All funds shall be handled and disbursed
in accordance with the Trust Agreement.

Sec. 16. All Employers subject to the terms of this Agreement shall
contribute the amount of funds specified by the parties signatory to the local
apprenticeship and training trust agreement. The current rate of contribution
is: one dollar and forty-six and one-half cents ($1.465) per hour for each
hour worked. This sum shall be due the Trust Fund by the same date as is
their payment to the NEBF under the terms of the Restated Employees
Benefit Agreement and Trust.

After balancing the additional administrative costs and efforts that would be necessary against the potential benefit of having earlier contributions made, it has been determined that the elective deferrals to the 401k plan as provided in Section 9 below shall also be due and payable at these same times. The 401k collection procedures adopted by EISB are incorporated herein by this reference.

the Employer through a secure FTP process. The Employer will electronically report the information as follows: For each Employee in separate columns provided on either the pre-printed worksheet or on a sequential file using the exact format: (1) Social Security Number; (2) Name of Employee; (3) NEBF Class; (4) Number of Hours Worked at Straight Time; Time and One Half; and Double Time; (5) Straight Time Hourly Wage Rate; (6) Gross Pay; (7) Amount of Vacation Allowance, Value of Listed Holidays, Thrift Savings Deduction; (8) Amount of Dues withheld if authorized by the Employee pursuant to Dues Check Off (to be implemented at a later date as determined by the bargaining parties); (9) COPE Deduction if authorized by the Employee; (10) Pension Contribution Rate, and (11) the elective deferral 401(k) rate. The Employer shall compare the transmittal prepared by EISB with monthly payroll records and report corrections. Article VII
RULES FOR ELECTIVE DEFERRALS
BY EMPLOYEES TO THE SAN FRANCISCO ELECTRICAL WORKERS RETIREMENT PLAN

Section 1. Each Employee desiring to defer a portion of his/her wages to the 401(k) portion of the San Francisco Electrical Workers Retirement Savings Plan shall submit a salary reduction agreement to EISB, which shall act as the agent of the employer for the purposes of accepting salary reduction agreements. Salary reduction agreements will be submitted to EISB no later than December 8th (unless another date is selected by the Board of Trustees) of each year for elective deferrals to be effective January 1 of the succeeding year. Deferrals may be elected only in increments set forth in the elective deferral classifications listed below. Upon submission of a salary reduction agreement in accordance with this section, EISB shall notify employers of the deferral classification of each Employee electing deferrals on or before December 18th (unless another date is selected by the Board of Trustees).

Sec. 2. 45% Apprentices or higher classifications will be eligible to participate in the 401(k) plan. Employees may elect to defer a portion of their wages. Each Employee desiring to do so shall select a deferral classification as follows:

<table>
<thead>
<tr>
<th>Class</th>
<th>Deferral Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>II</td>
<td>$0.00/Hr</td>
</tr>
<tr>
<td>III</td>
<td>$1.00/Hr</td>
</tr>
<tr>

<td>$2.00/Hr</td>
</tr>
<tr>
<td>V</td>

<td>$6.00/Hr</td>
</tr>
<tr>
<td>IX</td>
<td>$7.00/Hr</td>
</tr>
<tr>
<td>X</td>
<td>$8.00/Hr</td>
</tr>
</tbody>
</table>

(a) Notwithstanding these contributions rates, the maximum elective deferral amount shall not exceed the maximum permitted by the Internal Revenue Code and lawful regulations.
(b) Only one (1) deferral classification may be implemented in any one year. Once an Employee elects to defer a portion of his/her wages and the deferral classification to be implemented, deferrals will be honored by employers at the elected deferral classification form year to year thereafter, unless on or before December 8th, of any subsequent year, the Employee notifies EISB on a form approved by EISB, that the Employee elects to change his/her deferral classification or to cancel his/her Salary Reduction agreement, effective as of January 1, of the next year.

(c) Notwithstanding an Employee’s election to defer a portion of his/her wages, wage percentage calculations for Vacation/Holiday/Thrift Savings shall be based upon the appropriate Class II wage, as if no elective deferrals were in effect.

(d) Notwithstanding an Employee’s election to defer a portion of his/her wages, NEBF payment calculations shall be based upon the appropriate Class II wage, as if no elective deferrals were in effect.

(e) Deferral contributions shall be based on actual hours worked, and shall not be increased for actual hours worked at overtime rates. Thus, for example, Class III deferrals shall be contributed at one dollar ($1.00) per hour despite that such hour may be worked at time and one-half or double time.

(f) Wages and fringes, including deferral contributions, for work performed by an Employee covered by his agreement outside of the jurisdiction of IBEW Local 6 shall be paid in accordance with such Employee’s deferral classification pursuant to this agreement.

Sec. 3. 401(k) Delinquency Procedures.

(a) In accordance with the Priority Schedule, wages including vacation withholding are credited first, followed by elective deferrals 401(k) contributions.

(b) In the event that an employer is delinquent in the remittance of all fringes, or has not remitted sufficient payment to cover 401(k) contributions, EISB will advance the payment, to the extent possible and upon timely receipt of the remittance report from the Employer. Although twenty percent (20%) liquidated damages will be assessed on the delinquency, this
will prevent EISB from having to report the delinquency on the annual Form 5500.

(c) If the delinquent Employer fails to timely provide EISB a copy of the remittance report, or if EISB determines it is financially not feasible to advance the payments, EISB will report such delinquency on the annual Form 5500 and notify the Employer of special disclosure rules and penalties that apply. The DOL treats Employee contributions as a loan from the Plan to the employer which is considered a prohibited transaction under The Employee Retirement Income Security Act (ERISA).

(d) In addition to billing the Employer for liquidated damages, EISB will compute each Employees’ “lost earnings” and “excise taxes” that will be imposed as a result of the delinquency and bill the Employer accordingly. Lost Earnings will be transmitted to the Employees’ individual accounts upon receipt from the Employer.

(e) Delinquent Employers will be notified that they have the option of making a filing under the DOL’s Voluntary Fiduciary Correction (VFC) Program which will exempt the delinquency from the prohibited transaction rules including the excise taxes that will be imposed unless the delinquency exceeds one hundred and eighty (180) days. The delinquency will not be reported as a prohibited transaction on Schedule G of Form 5500; it will be reported as a delinquent Employee contribution on Schedule H of Form 5500.

(f) Upon notification that an Employer has chosen to make a VFC filing, EISB will waive the excise tax, unless the delinquency exceeds 180 days.

MODIFICATION BY OUTSIDE AGENCIES

Section 1. If, during the term of this agreement, outside agencies including but not limited to City, County, City and County, State and/or Federal governmental bodies enact propositions, ordinances, statutes, or regulations which would modify the terms of this agreement, such propositions, ordinances, statutes, or regulations shall be waived for the remaining term of this agreement, if legally waivable. The Labor-Management Committee shall address the impact(s) presented, if any, during the negotiations of the successor to this agreement.

Section 2. If legally allowable, the parties may, by mutual agreement, waive any propositions, ordinances, statutes, or regulations which would modify the terms of this agreement. The Labor-Management Committee shall document any such mutual agreement in writing, and attach same to this Agreement.

APPENDIX A

ELECTRICAL INDUSTRY SERVICE BUREAU COLLECTION POLICIES AND PROCEDURES

Pursuant to the delegation to the Electrical Industry Service Bureau, Inc. (“E.I.S.B.”) in the Joint Services Agreement, EISB has promulgated the following policies and procedures applicable to Employer contributions or payments required to be made under this Collective Bargaining Agreement.

I. EMPLOYER OBLIGATIONS

A. AMOUNT OF EMPLOYER CONTRIBUTIONS. Each Employer shall make contributions or payments in an amount required by the applicable collective bargaining agreement or subscription agreement. Pursuant to such agreements, payments are made to the Electrical Industry Service Bureau, Inc. (“EISB”) or its collection agent as may be determined by the EISB Board of Directors on behalf of Employees who are working in Covered Employment under the terms of a Collective Bargaining Agreement or Project Labor Agreement requiring contributions to the Trusts and/or other EISB entities.

Payments shall be accompanied by complete reports on forms furnished or approved by EISB so that the contributions can be allocated accurately. An Employer may be compelled by EISB, by way of subpoena, civil discovery or other legal proceeding, to prepare, submit and file with EISB proper reports for any period for which the Employer has previously failed to file.

For any reporting period for which an Employer fails to file a report, until the proper report is filed by the Employer and accepted by EISB, the amount due from the Employer for such reporting period shall be deemed to be at least the amount due pursuant to the most recent complete report filed by the Employer covering an equivalent period of time.
B. **PROCEDURE FOR PAYMENT.** Payments shall be due and payable at the office of EISB, or at any other place designated by EISB, in such installments and at such times as are required by, the applicable collective bargaining agreement, subscription agreement or duly adopted collection procedures promulgated by the EISB Board of Directors. Each payment or installment shall be accompanied by a contribution report.

C. **DUE DATE.** Payments for hours of Covered Employment shall be received by EISB by the “Due Date.” The due date shall be that designated in the collective bargaining agreement, subscription agreement or by these duly adopted collection procedures. Contributions/payments shall be deemed delinquent in the event payment is not received on or before the 15th day of the month following the month for which contributions are due. Contributions/payments shall be deemed delinquent in the event payment is not received on or before the 20th day of the month following the month for which contributions are due for Employers reporting on the Electronic Transmittal System for the San Francisco Electrical Industry (“JETS”).

D. **DELINQUENT CONTRIBUTIONS.** An Employer shall be considered to be delinquent if late payment or underpayment occurs because it (1) fails to submit a contribution report with the full contribution on or before the “due date” described in paragraph C, above; or (2) fails to submit contributions on behalf of all employees for whom contributions are required by the collective bargaining agreement or subscription agreement; or (3) fails to properly compute the contributions according to the applicable contributions formula, or (4) otherwise fails to meet its obligations pursuant to these duly adopted collection procedures or the collective bargaining agreement or subscription agreement.

EISB may, in the event of repeated delinquencies by an Employer, prescribe special rules applicable to such an Employer (and/or related entity), including without limitation,
advancing the due date, and/or increasing the bonding requirements specified in the collective bargaining agreement and/or requiring other security against future delinquencies.

Acceptance by EISB of any contributions, and/or the disposition by EISB of the monies received, shall not release or discharge an individual Employer from its contribution obligations under the collective bargaining agreement or subscription agreement for hours worked under such agreement for which no (or an inadequate) contribution has actually been received, notwithstanding any statement, restriction or qualification appearing on any check or other tender of payment or any attachment thereto.

E. **LIQUIDATED DAMAGES.** Prompt payment of contributions is essential to the operation of the signatory entities and for the payment of benefits. It is extremely difficult, if not impossible, to fix the actual damages and expenses which may result from the failure of an Employer to make timely contributions. If Employers do not make timely payments, Joint Services Agreement signatories incur lost investment opportunities, and incur additional administrative expenses in the form of letters, telephone calls, and other collection expenses. Collection expenses, loss of return on investments, and potential inability to pay benefits constitute damages arising from an Employer’s default in making timely payments, and penalize other Employers whose contributions are promptly paid.

As it is difficult and impractical to fix the actual damages accruing as a consequence of a delinquency, payments not timely made or underpayments made to EISB shall be subject to liquidated damages in an amount designated by the EISB Board of Directors as set forth more fully below and shall be assessed on all delinquent contributions or payments due. An Employer who fails to make payment of its contributions by the due date, shall in addition be subject to pay interest set at 4% and all costs of collection, including without limitation, attorney’s fees, collection agency fees, accountant/audit fees and court costs.
1. **General Rules Applicable to Liquidated Damages.** If an Employer fails to remit monthly contributions or transmittals timely, in accordance with the deadlines set forth herein, liquidated damages of twenty percent (20%) of the principal owed will be assessed on the principal due with the exception of vacation delinquencies, which will be assessed at the rate of six percent (6%) of the principal amounts due.

2. **Waiver for One Time Delinquency.** If an Employer who was delinquent pays the principal sum prior to the referral of the matter to Collection Counsel, and the Employer has no outstanding principal or liquidated damages due and has not been delinquent during the previous 12 months, the EISB Chief Administrative Officer (“CAO”) may administratively waive the liquidated damages upon a request of the Employer. Any such waiver shall be reported to the EISB Board at the next Board of Directors meeting following such waiver.

3. **Waiver When Contributions Are Timely Paid But Transmittals Are Late.** When an Employer is late in submitting to EISB the Employer contribution transmittal form but the correct amount of principal amounts due have been timely paid, the EISB CAO may waive the Liquidated Damages. If the Employer repeats this practice during the following twelve (12) month period, another waiver may be granted only if approved by the EISB Board of Directors after the Employer requests such a waiver in writing.

4. **Reduction of Liquidated Damages.** Notwithstanding the liquidated damages policy set forth above, the EISB CAO has discretion to reduce the liquidated damages assessed on a delinquent Employer by no greater than 50% of the liquidated damages owed as an inducement to an Employer for remitting delinquent contributions before the delinquency is referred to Collection Counsel. The Employer may request a waiver of all or a portion of the liquidated damages assessed, provided the Employer submits a written statement that sets forth a valid reason for the delayed payment to the Board. The EISB Board of Directors, for good and
sufficient cause, may approve waiver of some, all or none of the liquidated damages assessed. Under the standards that apply to all employers reporting contributions to the area, financial hardship is not an acceptable reason for granting a waiver.

F. VACATION WITHHOLDING LIQUIDATED DAMAGES. Notwithstanding the above provisions concerning liquidated damages, any liquidated damages assessed on vacation withholdings shall be added to the participant’s vacation accounts.

G. DAMAGES FOR ELECTIVE CONTRIBUTION ACCOUNTS. To the extent EISB is able to do so, EISB will advance a participant’s elective contribution account [i.e. 401(k)] when an employer is delinquent transmitting same to the EISB. In the event that EISB advances what would otherwise be a delinquent elective contribution, EISB, by virtue of this Joint Services Agreement, shall become the assignee of the San Francisco Electrical Workers Retirement Savings to the extent of any such delinquent elective contribution and shall be entitled to pursue all rights of the Retirement Savings Plan for EISB’s own account, including the principal sum advanced and any liquidated damages, interest and collection costs associated with the assigned claim for delinquent elective contributions due. In the event that EISB cannot advance a participant’s elective contributions accounts that have become delinquent for any reason, EISB may allocate to the participant’s account whatever portion of liquidated damages and/or interest it collects through the delinquency procedures that may be necessary to make the participant’s account whole for lost earnings.

H. INTEREST. Delinquent contributions, liquidated damages and other sums owing shall accrue interest from the date payable until the date paid at a rate of interest established by the Board of EISB consistent with ERISA.

1. No Legal Proceedings. Interest will be assessed on all delinquencies from the due date. If principal is paid prior to any legal proceedings (i.e. a claim on the Employer’s bond,
a lawsuit, stop notices, mechanic’s liens, etc.), the EISB CAO or the Board of Directors shall have the discretion to waive any interest due. Any such waiver of interest due shall be reported to the EISB Board of Directors at the subsequent Board meeting.

2. **Legal Proceedings Instituted.** If legal proceedings (i.e. a bond claim, a lawsuit, stop notices, mechanic’s liens, etc.) are instituted, interest will be assessed from the due date. As part of a settlement the EISB CAO or the Board of Directors may waive a portion or all of the interest owed.

I. **COLLECTION ACTIONS.** EISB may institute legal proceedings to collect delinquent Employer contributions, contributions required by applicable laws (such as the Federal Family Leave Act or the National Labor Relations Act), liquidated damages, interest, attorney’s fees and other costs of collection. Such proceedings may be instituted in EISB’s name on behalf of and as agent for the signatories to the Joint Services Agreement, or the claim may be assigned by the EISB Board of Directors to a third person or entity for collection.

The Employer shall reimburse EISB or its assignee, for reasonable attorney’s fees, audit fees, costs of attachment bonds, private investigator fees, court costs, collection agency fees, and all other reasonable expenses of whatever nature incurred in connection with such suit or claim, including any and all appellate proceedings therein.

If an applicable collective bargaining agreement contains provisions relating to collections that specify additional remedies, or obligate the delinquent Employer to greater amounts of liquidated damages, interest, attorney’s fees or other charges than those set forth herein, EISB may pursue the additional remedies or impose the greater charges.

An Employer shall remain liable for the payment of liquidated damages, interest and other charges even if it makes a late payment, in full, of principal, unless such damages are waived by the EISB Board of Directors. The contractual obligation to pay such damages,
interest and other charges accrued to the date the principal amount is paid and shall at all times remain enforceable by EISB pursuant to ERISA and/or § 301 of the Taft-Hartley Act.

J. RECORD KEEPING AND AUDITS.

1. Record Keeping Requirements. Each Employer shall maintain such time records, checks, check stubs, quarterly or other pertinent government returns, or such other records relating to employment for which contributions or other payments are required, sufficient (1) to determine whether the Employer has satisfied all obligations to the Joint Services Agreement Signatories and (2) to permit the EISB to comply with all applicable laws. These records shall be maintained within California for a period of not less than seven years following the end of the calendar year in which the employment occurs. Notwithstanding this seven year period, EISB may seek contributions prior to such seven year period if the Board of Directors determines it is prudent to do so.

The EISB Board of Directors, or its authorized representatives, may require any Employer to submit to EISB any information relevant to the administration of the Joint Services Agreement Signatories. Upon notice in writing from the Board of Directors, or an authorized agent or delegate, an Employer must permit an accountant/auditor or other authorized EISB representative to enter upon the premises of such Employer at a mutually agreeable time during regular business hours to examine such books, records, papers or reports as may be necessary to determine whether the Employer is making full and prompt payment of all sums required to Joint Services Agreement Signatories. Such examination may be undertaken pursuant to a routine payroll audit program, a random audit, or on an individually ordered audit basis. The records to be made available shall include, but not be limited to, individual earnings records, time cards, payroll journals, payroll check registers, cancelled payroll checks, copies of the Employer’s federal, state and local payroll tax reports, reports of employee hours to all other trades, Workers
Compensation Insurance reports, and all other documents reflecting the hours and wages for all employees, with the exception of employees who are not covered under the collective bargaining agreement. The Employer must, however, provide the Auditor a listing of the names of all non-bargaining unit employees.

The Auditor must obtain approval by the Board of Directors before requesting any records other than those listed in the foregoing paragraph.

2. **Cost of the Audit.** EISB will absorb the cost of the audit; however, the cost of the audit may be borne by the Employer if a shortage is caused by fraud or misrepresentation.

Any Employer who refuses audit entry shall pay all the reasonable legal fees and costs associated with the audit of such Employer, including, but not limited to, the costs associated with obtaining compliance with the audit. If an individual Employer fails or refuses to submit to an audit or confirm an audit appointment, EISB may file an action to compel audit entry.

3. **Random Audits.** The Board of Directors has delegated to the EISB auditor the responsibility for performing random audits of payroll contributions. Subject to approval by the Board of Directors or the EISB CAO, random audits shall be performed in the manner recommended by the Auditor.

4. **Collection Counsel/EISB CAO Audit Request.** After an account is considered delinquent, Collection Counsel, at the direction of the EISB CAO or the Board of Directors, shall have the authority to request an audit whenever he or she deems it appropriate.

5. **Director Audit Request.** An audit shall also be made upon the approval of the Board of Directors, or upon the written request of the Union or Association Director.

6. **Audit Findings.** The Board of Directors has delegated to an auditor the responsibility for performing a random audit of payroll contributions at the beginning of each year. Upon completion of an Employer audit, the auditors shall submit a preliminary audit report.
to EISB for review. EISB shall review the audit’s preliminary findings before the audit is sent to the Employer or EISB Board for approval. After reviewing the preliminary audit report, the EISB CAO may request the auditor to either expand or focus the audit of the Employer. After the appropriate preliminary audit review period and any subsequent follow-up, the auditor shall then prepare a draft audit report for the Employer and the EISB Board of Directors. If the Employer disputes any or all of the audit report, such disputes will be made in writing to EISB within a reasonable period. The EISB CAO, the auditor and Collection Counsel shall determine the validity of the Employer’s dispute. The auditor shall prepare a report summarizing the Employer’s disputes and EISB’s response for the EISB Board of Directors to review. The EISB Board of Directors shall have the ultimate authority to determine what amounts, if any, are in dispute and finalize the audit. Once an audit is finalized, EISB shall either bill or refund the Employer as appropriate.

7. **Audit Underpayment Discrepancy.** If an Employer’s audit determines the Employer underpaid contributions, EISB shall mail a Notice of Discrepancy by first class mail or email itemizing all amounts due including liquidated damages and interest. If, within a reasonable time, there is no response or payment by the Employer, EISB shall either follow-up with a second billing letter or refer the matter to Collection Counsel. The EISB Collections Office will continue normal monthly billing procedures and will update legal counsel and Board of Directors with periodic reports.

8. **Audit Overpayment Discrepancies.** Overpayments for Vacation Withholding shall be non-refundable. Contributions to all other Trusts or Funds shall only be refundable to the Employer at the sole discretion of the EISB CAO or the Board of Directors.

II. **COLLECTION PROCEDURES**
To implement the delinquency and collection provisions set forth above and in the pertinent collective bargaining agreements and the applicable Trust Agreements, the Board of Directors of the EISB adopts the following collection procedures:

A. **Determining There is a Delinquency.** An Employer’s contribution is considered delinquent if:

1) the full amount of the contribution is not received (i.e., postmarked) by the due date;
2) no transmittal report is sent (even if money is sent);
3) the amount received is less than the amount required to be contributed; or,
4) the payment received is in the form of a non-negotiable instrument. If a check or other instrument “bounces” or is returned for “non-sufficient funds”, the Employer will be deemed delinquent as of the due date, even if the Employer subsequently issues a good check.

B. **Collection Schedule.** Delinquencies will be handled as follows: EISB Collection Office sends 1st delinquency notice to the delinquent Employer and EISB’s month-end report will reflect the delinquency. If the delinquent Employer fails to respond with the appropriate time, the delinquency is referred to EISB Collection Counsel; along with a copy of the Employer’s bond. Collection Counsel will send a demand letter to the delinquent Employer requesting the payment of the Employer’s full delinquency, liquidated damages, interest, and attorney’s fee. If appropriate, Collection Counsel, at the direction of the Board of Directors or EISB CAO, will file a lawsuit, stop notices, mechanic’s liens, claims on the Employers’ bonds, and take other action deemed appropriate such as demanding joint checks. By no later than the third month of the Employer’s delinquency, Collection Counsel is to have instituted the
appropriate legal proceedings unless he or she concludes that a delay is in the Joint Services Agreement Signatories best interest or he or she has not yet received adequate information. If legal action is delayed, Collection Counsel will inform the Board of Directors of the delay and provide the reason(s) for the delay. If, however, a union representative or others have knowledge that an Employer is delinquent, and that information is conveyed to the EISB CAO, the delinquent Employer will be referred to Collection Counsel, as soon as the delinquency has been confirmed by EISB. After referral of a delinquent Employer to Collection Counsel, the EISB Collection Office will still continue its normal billing procedures and will update Collection Counsel and Board of Directors with periodic reports.

III. **TRUST COLLECTION COUNSEL RESPONSIBILITY**

A. **Follow Procedures.** Collection Counsel shall be responsible for following the procedures described herein.

B. **Periodic Reports/Meeting Attendance.** Collection Counsel shall furnish the Board of Directors with a written status report of any pending delinquency matter for each Board meeting. Additional status reports may be required as requested by the Directors or the Delinquency Subcommittee. Collection Counsel or a representative from his or her office shall attend each Delinquency Subcommittee meeting.

C. **Seek to Resolve Without Litigation.** Subject to the time periods set forth in these procedures, Collection Counsel shall attempt to settle a delinquency without litigation by first attaching any bonds available to satisfy collection and to use any other similar methods for recovery. Prior to negotiating a final settlement, Counsel shall consult with the EISB CAO, who will report to the Employer and union Board members for approval.

IV. **CHRONIC DELINQUENCIES**
A. **Special Rules.** The EISB CAO and/or the Board of Directors may establish special rules for the Employers who are repeatedly delinquent on their Employer contributions, including without limitation, requiring speedier payments, random or periodic audits, establishment of a greater cash bond or such other methods deemed appropriate under the circumstances.

B. **Exceptions to the Above Procedures.** The Directors are authorized to make an exception to the procedures set forth herein for Employers who are chronically delinquent. By way of example, the above rules regarding waivers of liquidated damages and interest may be set-aside if determined appropriate under the circumstances.

V. **NOTICE TO EMPLOYEES**

After an Employer is delinquent for one month and it is clear that the Employer will not pay such contributions immediately, the Collections Office shall notify employees of delinquent Employers that their Employer is delinquent and the effect of that delinquency on their pension and health and welfare benefits.

The Collections Office will have discretion on the actual timing of when this notice is sent. Generally, however, the notice will be sent within 30 days of the period in which an Employer is delinquent (i.e., when contributions due on the 15\(^{th}\) of the month are not received, the notice to the employed would be sent by the 15\(^{th}\) of the following month).

VI. **MISCELLANEOUS**

A. **Processing.** No hours or contributions can be processed until a report is received. Non-sufficient fund checks require a reversal of hours and contributions for everything other than the Pension Plans [and Health and Welfare Plan (limited to two (2) months)].

B. **Employer Reporting Adjustment.** Are allowed provided they do not affect Vacation Funds or 401(k) monies already withdrawn by the employee.
C. **Overpayment.** Are checked to determine how they occur and to ensure there is no corresponding amounts due before Employers are notified to take the credit with their next report, or are refunded for the overpayment.

D. **Write-off Authority.** The Electrical Industry Service Bureau shall have the full authority to “write-off” uncollectible amounts which are not prudent to pursue for reasons which shall be stated in the minutes of the EISB.

E. **Delinquency Priority.** When an Employer is delinquent on any contributions, any subsequent payments made by the Employer after the Employer’s delinquency arose shall be applied to the Employer’s oldest delinquent principal and then to any liquidated damages and/or interest associated with the oldest delinquent amounts owed before applying any of the subsequent payments made by the Employer after the Employer’s delinquency arose to any more recent principal amounts (and liquidated damages and/or interest) owed. For example, if an Employer is delinquent with August contributions, but submits a check that totals the outstanding principal for the August contributions with their September transmittal and contributions, the monies received shall be applied to the August principal, liquidated damages and interest first. Any monies remaining shall then be applied to the principal owed for the September contributions. With the written approval of the EISB CAO, particular monies owed by a delinquent employer may be credited to particular employees on specific jobs. Notwithstanding this paragraph, the EISB Administrator may apply monies received for liquidated damages, interest and collection costs to principal owed on behalf of particular employee’s accounts to ensure that a disruption in benefits does not occur; however, those principal amounts and any liquidated damages or interest owed thereon remain outstanding. The EISB Board of Directors may, in its discretion, waive this priority allocation.
F. **401(k) Delinquencies.** In the event that an employer fails to remit employee contributions for 401(k) withholding within one hundred-eighty (180) days, in addition to assessing liquidated damages and interest on behalf of the employee for the contributions owed, EISB will also report the failure to transmit the employee 401(k) contributions to the appropriate state and federal agencies, including, but not limited to, the Internal Revenue Service.

1) If an employer is delinquent in the remittance of all fringes, or has not remitted sufficient payment to cover 401(k) contributions, EISB will advance the payment, to the extent possible (at the discretion of the Board of Trustees or the Board’s delegate) and upon timely receipt of the remittance report from the Employer. Although 20% liquidated damages would still be assessed on the delinquency, advancement of the contribution would prevent EISB from having to report the delinquency on the annual form 5500.

2) If the delinquent Employer fails to timely provide EISB with the remittance report or if EISB determines that it is financially not feasible to advance the payments, EISB will report such delinquency on the annual Form 5500, and to the extent required by applicable law, notify the Employer of special disclosure rules and penalties that apply. This reporting is necessary because the DOL treats unpaid or delinquent 401(k) contributions as a loan from the Plan to the Employer which is considered a prohibited transaction under ERISA.

3) In addition to billing the Employer for liquidated damages, EISB will compute each employee’s “lost earnings” and “excise taxes” that will be imposed
against the employer as a result of the delinquency and bill the Employer accordingly. Lost Earnings will be transmitted to the employees’ individual accounts upon receipt from the Employer.

4) Delinquent Employers will be notified that they have the option of making a filing under the DOL’s Voluntary Fiduciary Correction (VFC) Program which will exempt the delinquency from the prohibited transaction rules including the excise taxes that will be imposed unless the delinquency exceeds 180 days. Although the delinquency would not need to be reported as a prohibited transaction on Schedule G of Form 5500, it will be reported as a delinquent employee contribution on Schedule H of Form 5500. The Employer will be encouraged to seek professional advice to determine whether it would be in its best interest to file under the DOL’s VFC Program or pay the excise taxes that will otherwise be imposed.

5) Upon notification that an Employer has chosen to make a VFC filing, EISB will waive the excise tax, unless the delinquency exceeds 180 days. If the Employer chooses not to make a VFC filing, EISB will report the delinquency and remit the excise taxes on IRS Form 5330.
AGREEMENT ON EMPLOYEE PORTABILITY

BETWEEN

THE INTERNATIONAL BROTHERHOOD
OF ELECTRICAL WORKERS

AND THE

NATIONAL ELECTRICAL
CONTRACTORS ASSOCIATION

AGREEMENT ON EMPLOYEE PORTABILITY

This revised agreement, between the International Brotherhood of Electrical Workers ("IBEW") and the National Electrical Contractors Association ("NECA"), shall become effective on January 1, 1997. This agreement shall apply throughout the United States, and, except as provided in paragraph 3, it shall supersede any inconsistent provisions of agreements between Local Unions of the IBEW and Chapters of NECA.

The IBEW and NECA agree as follows:

1. A contractor who is a member of NECA and who is bound by a collective bargaining agreement between one IBEW Local Union and a NECA Chapter may bring up to four bargaining unit employees employed in that Local Union’s jurisdiction ("bargaining unit employees") into the jurisdiction of another IBEW Local Union, provided that the contractor is bound by a collective bargaining agreement with that other Local Union covering the work to be performed. No more than four bargaining unit employees may be employed at any one time under this paragraph in the jurisdiction of that other Local Union.

2. A contractor who is a member of NECA and who is bound by a collective bargaining agreement between one IBEW Local Union and a NECA chapter may bring up to two bargaining unit employees per job from that Local Union’s jurisdiction into the jurisdiction of another IBEW Local Union to perform specialty work or service and maintenance work, provided that the contractor is bound by a collective bargaining agreement with that other Local Union covering the work to be performed.

3. Notwithstanding the provisions of paragraphs 1 and 2 of this agreement, a NECA Chapter and an IBEW Local Union may agree that a contractor may bring more bargaining unit employees than permitted by those paragraphs into that Local Union’s jurisdiction, provided that the contractor meets all of the qualifications described in paragraphs 1 and 2 of this agreement.

4. A contractor bringing bargaining unit employees into a Local Union’s jurisdiction pursuant to paragraphs 1 or 2 of this agreement will provide that Local Union, either before such employees begin working or on the first weekday on which such employees work, with the names and social security numbers of the employees and the location and identity of the job on which they will be or are working.

5. In all other respects, a contractor bringing employees into a Local Union’s jurisdiction pursuant to paragraphs 1 or 2 of this agreement will comply with all of the terms of the collective bargaining agreement applicable to the work performed.
6. In times of unemployment in the jurisdiction of a Local Union where the work
is to be performed the traveling contractor shall be allowed to bring in the first two (2)
bargaining unit employees. The next two (2) bargaining unit employees shall come from
the Local Union where the work is to be performed. The next bargaining unit employee
will be from the traveling Local Union, followed by the next bargaining unit employee
from the Local Union where the work is performed. This system may continue until the
traveling contractor has a total of no more than four (4) bargaining unit employees in the
Local Union jurisdiction.

7. Times of unemployment shall be defined as periods where unemployment
exceeds 10% of the bargaining unit employees for a period of three (3) weeks in the
Local Union in whose area the work is being performed. Those persons who are on Book
I and are not available for employment within 48 hours of a request for bargaining unit
employees shall not be considered as unemployed. Any questions or interpretations of
what constitutes unemployment shall be referred to the IBEW International Vice
President and the NECA Regional Director.

8. The purpose of this agreement is to allow a traveling contractor to bring into
another jurisdiction a limited number of bargaining unit employees already on the payroll
who are knowledgeable of the contractor’s work practices and the customer’s
requirements for start up and completion of the work to be performed. Any bargaining
unit employee being assigned into the jurisdiction of another Local Union under this
agreement must have been employed by the inside or outside traveling contractor for a
period not less than two (2) weeks immediately prior to traveling to the job where the
work is to be performed unless a lesser period is agreeable with the receiving Local
Union.

9. This agreement is intended to apply only to contractors who are members of
NECA, and nothing herein is intended to limit or otherwise affect the right of the IBEW
or its affiliated Local Unions to bargain with any other person, firm, corporation, or entity
with regard to subjects similar or identical to those herein.

10. This agreement will not apply to any work performed under the Joint
National Agreement for Instrument Technicians, the Outside Utility Construction
National Project Agreement, the National Teledata Agreement, or any International
Specialty Agreement.

11. This agreement will remain in effect from year to year. Either party may
terminate this agreement by providing the other with written notice at least 180 days prior
to the next anniversary date of this agreement.

Signed this 20th day of December, 1996.

Supplemental Paid Parental Leave Benefit
Attachment to Bargaining Agreement Effective June 1, 2018

This document ("Attachment") attaches to, and is a part of, the collective bargaining agreement between the International Brotherhood of Electrical Workers Local 6, AFL-CIO ("IBEW Local 6") and the San Francisco Electrical Contractors Association ("SFeca"), effective as of June 1, 2018 (the "Agreement").

Waiver of Requirements. IBEW Local 6 and the SFeca have agreed that the requirements of the San Francisco Paid Parental Leave Ordinance ("PPLO") are waived, as described in §3300.H.9 of the PPLO, under the Agreement.

Supplemental Parental Leave Benefit. The bargaining parties hereby direct the San Francisco Electrical Workers Health & Welfare Plan Board of Trustees ("Board") to amend the San Francisco Electrical Workers Health & Welfare Plan ("Plan") to provide a benefit consistent with the provisions of this attachment (a "Supplemental Benefit") that supplements the State of California’s Paid Family Leave benefit (the "State Benefit"). The State Benefit is funded through an employee-paid payroll tax and generally provides up to 6 weeks of paid leave at 60% of the employee’s average weekly wages up to a maximum amount. This Supplemental Benefit provides that the Plan will pay a cash benefit to an eligible member equal to 2/3 of the State Benefit. The State Benefit plus the Supplemental Benefit will equal 100% of the employee’s average weekly wages up to the maximum stipulated in the PPLO.

Funding and Accounting. Funding of the Supplemental Benefit shall be made by the hourly contributions as provided under the Agreement. EISB shall provide a separate accounting for informational purposes of the income and expenses relating to the Supplemental Benefit on an annual basis. The bargaining parties shall review the EISB accounting and determine whether additional funds are required to maintain adequate funding of the Supplemental Benefit. The Board shall have discretion to allocate funds reserved for the Plan’s Long-Term Disability benefit as necessary to cover any shortfalls resulting from providing the Supplemental Benefit.

Benefit Eligibility. A member is eligible for the Supplemental Benefit for any week (maximum of six) for which the member collects a State Benefit for parental leave (child bonding) purposes, provided the member has health coverage under the Plan as of the Monday of that week. A member who is on COBRA coverage through the Plan shall be treated as having health coverage.

Reporting. Supplemental Benefit payments will be treated as wages for federal and state tax purposes. EISB will withhold federal income taxes at the flat supplemental withholding rate, plus social security and unemployment taxes, and will report the benefit on a separate annual Form W-2.

This document ("Attachment") attaches to, and is a part of, the collective bargaining agreement between the International Brotherhood of Electrical Workers Local 6, AFL-CIO ("IBEW Local 6") and the San Francisco Electrical Contractors Association ("SFECA"), effective as of June 1, 2018 (the "Agreement").

IBEW Local 6 and the SFECA (the Parties) hereby acknowledge and agree that the requirements set forth in the San Francisco Paid Sick Leave Ordinance, as currently contained in the San Francisco Administrative Code Section 12W, exceed the requirements currently contained in California’s Healthy Workplace, Healthy Families Act of 2014.

The Parties agreed, on May 7, 2007, to “waive any and all provisions of the San Francisco Paid Sick Leave Ordinance.” As the requirements waived currently exceed the requirements of California’s Healthy Workplace, Healthy Families Act of 2014, the Parties acknowledge and agree that the agreement of May 7, 2007 waives the requirements of California’s Healthy Workplace, Healthy Families Act of 2014.

The Parties further agree in Article IX, Section 1, that during the term of this agreement, outside agencies including but not limited to City, County, City and County, State and/or Federal governmental bodies enact propositions, ordinances, statutes, or regulations which would modify the terms of this agreement, such propositions, ordinances, statutes, or regulations shall be waived for the remaining term of this agreement, if legally waivable. The Labor-Management Committee shall address the impact(s) presented, if any, during the negotiations of the successor to this agreement.
