STEP 1: Grant Interest Form

Floodwater Management Grant Interest Form

The San Francisco Public Utilities Commission (SFPUC)'s Floodwater Management Grant Assistance Program ("Grant Program"), launched in 2013, helps property owners in San Francisco minimize the risk of flooding on their properties due to heavy rainstorms. We encourage you to take advantage of the Grant Program.

We want to make this process as easy as possible. Resources to help you navigate the Floodwater Grant Program include:

- Streamlined application process with more staff available to assist applicants
- Resources for applicants, including a list of contractors and engineers with relevant experience
- Grant payments available through multiple installments
- Upfront contractor payment assistance for those experiencing financial hardship
- Easy online application processes using DocuSign
