

# Wonder what to do with unwanted stuff?

Managing household hazardous waste is for your family and the environment.

Key code:
<b>P</b> = Latex paint
<b>FL</b> = Fluorescent light bulbs (compact and tubes)
<b>BTY</b> = Household batteries (standard and rechargeable)

### 1. Curbside Battery Recycling Service

Most residents may place their batteries in a sealed plastic bag taped to the top of their black bin for curbside collection.

Residents of multi-unit homes (4 units or more) should place batteries in their Orange Battery Bucket. If your building does not have one, ask your building manager to order one at (415) 330-1300. For more information on battery recycling, please visit: [SFEnvironment.org/ecofinder](http://SFEnvironment.org/ecofinder).

### 2. Retail Take Back

Many stores that sell fluorescent lighting, latex paint, motor oil and household batteries will take them back (free of charge) through SF's Hazardous Waste Collection Program. To find your neighborhood drop-off sites, visit: [SFEnvironment.org/ecofinder](http://SFEnvironment.org/ecofinder).

### 3. Hazardous Waste Home Collection

For free pick up of unwanted paints, pesticides, cleaning products, motor oil and other household hazardous waste, call (415) 330-1405.
